Subject: Community Town and Parish Council Nature Recovery Guide Launch event

Good afternoon,

The West Oxfordshire District Council Climate Team would like to invite representatives from Parish and Town Councils, and Parish Meetings to participate in the launch of the updated Oxfordshire Community Town and Parish Council Nature Recovery Guide. The update of the guidance has been funded through the UK Shared Prosperity Fund.

The session will be delivered by Wild Oxfordshire, who produced the updated guidance. It will be held at 18.00 – 19.30 in the WODC Committee Rooms at the Council Offices, Woodgreen, Witney OX28 1NB on Thursday 21st March 2024. The guidance has been tailored to Town and Parish Councils, with details on how to start and maintain nature recovery projects, so the event is a good opportunity to learn how your Council can start to think about contributing to the new [biodiversity duty](#).

The event will run through an overview of the guidance, and show examples of how Town and Parish Councils in the district have already started to improve their local spaces for both wildlife and people. There will also be in-person sessions announced soon for representatives from Parish and Town Councils, and Parish Meetings to see how projects have been set up and delivered on site.

We would appreciate if you could RSVP to this email to confirm attendees as soon as possible. Please notify us if you have any access requirements.

We look forward to seeing you there.

Kind regards,

The WODC Climate team
